## CRUSHED LIME STONE

It May Become the Fuel of the Future.

The town of Milan has again come to the front and again proposes to make the name of Edison famous, says an exchange.

Samuel Edison, an uncle of Thomas A. Edison, has been making experiments which, he announces, proved successful, in the use of lime stone for heating purposes.

According to Mr. Edison's scheme crushed lime stone can be shoveled into a furnace and produce heat with more satisfactory results than coal. Some coal may be used, but the advantage comes in the fact that anthracite coal is now selling at \$7.25 a ton, while the lime stone costs about \$1 a ton.

And so the stone is crushed and mixed with coal, saving about 40 per cent. The ashes are said to be a valuable fertilizer.

If the new invention or discovery proves practical, Tiffin need never fear a fuel famine, as the city is underlain with limestone strata aggregating several hundred feet in thickness.

## DAMAGE TO BRIDGE

Careless Driving Across Waterville Bridge Censured.

County Engineer J. F. Gallier was over to the Maumee river bridge at Waterville the other day and noted an alarming condition which is due to the fast driving of parties crossing the bridge, says the Sentinel.

He found two eye-beams moved three feet from their right position, while two channels had been equally affected. This has come about through the vibration arising when a horse is driven swiftly across the structure.

The commissioners are determined to break up this habit which perhaps is largely due to carelessness but which is doing a great wrong to the tax-payers of Wood and Lucas counties. There is a fine for driving across a bridge at a pace greater than a walk and in addition to this other means may be devised to make people considerate of the property of the public.

## FIRST FOOTBALL GAME

Outlook for Fast Football Season Promises Well.

Perrysburg will be represented by a light, but fast, football team this year. It consists of nearly the same men that made up last year's team. With Neifer at full-back, Amon and Garnett playing half and Cranker at quarter back the back field should be very strong. Next Sunday they go to Monroe to play the fast Monroe Independents, the team by whom they were defeated last year, it being the only defeat of the season. The boys hope to do better Sunday and expect to come back victorious.

Beginning Sunday, October 27, they will play at home every week. On that day they will play Toledo here. This team held the championship of Toledo at 140 lbs. and in the two games played here neither side was able to score.

For November 3d the maroons have been booked and then on November 10th the Toledo Colts will play here. The following is the way Perrysburg will possibly line up at Monroe:

R. Tackle, W. Fletcher.  
L. Tackle, Webb.  
R. Guard, Brown.  
L. Guard, Honner.  
Center, H. Munger.  
R. End, Sarver.  
L. End, Hayes.  
R. Half-back, Garnet, Capt. or Isely.  
Full Back, Neifer.  
L. Half-back, Amon.  
Quarter Back, Cranker.  
Substitutes, C. Munger, Hass and Marriot.

Next Sunday the fastest two teams in Toledo. The Toledo Colts and the East Toledo's will line up against each other in Perrysburg. It ought to be a fast game as these teams consist of a great majority of the Toledo athletics of last year.

## DEATH OF JOSEPH SHIPMAN.

The funeral of Joseph Shipman of Weston, was held this afternoon at two o'clock at the M. E. church in that place and was very largely attended. Interment was made in the beautiful cemetery there, says the Sentinel.

He passed away Sunday morning succeeding a stroke of paralysis. His age was 75 years. He had been a resident of the town for nearly half a century and was one of its best known and most respected citizens. For years he ran a hotel and conducted a butcher shop. He also gathered up produce throughout the country.

His wife was Margaret Stretsberry and with seven children still survives him. The children are: Eldridge, of Richmond, Ind.; Lewis, of Roachton; Mrs. William Smith, of Weston; Will and Charles, of Weston; Miss Stella Shipman, a teacher in the Toledo schools; and Mrs. James Owens, of Toledo. He also leaves a brother and sister; David Shipman, of Illinois; and Mrs. Mary Black, of Celina. He was a brother of the mother of Judge F. M. Young, of this city.

## His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by Wm. Comstock & Son, druggists. 50c.

## CAR CUT IN TWAIN.

Car No. 101 T. U. & I., a local freight was cut in twain Friday morning by an engine on the Clover Leaf near Maumee. The car was pushing another loaded with brick and for some reason the derailed was not worked when the engine came along. Motorman W. L. Constiner and Conductor C. R. Ferguson were in charge but escaped any particular injury. The engine was not phased by the contact but continued on its course.

## Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by Wm. Comstock & Son's drug store. 50c and \$1.00. Trial bottle free.

## DEATH OF PIONEER

John M. Leverton, Aged 80, Dies at Lime City.

John M. Leverton of Lime City, died at his home on Thursday, Oct. 10, 1907, at the age of 79 years, 7 months and 1 day, his death being caused by dropsy and heart trouble.

Mr. Leverton was born at Elm, Cambridgeshire, England, March 9, 1828. Came to America in June, 1851, and settled in Huron county. In 1863 he moved to Wood county where he resided until his death.

He also leaves two sisters in England, and one brother, Samuel Leverton, of Bowling Green.

He took an active interest in the welfare of the county and in the general advancement of his fellowmen. Many friends regret his death.

## "TOUCHED" AT 'TOGANY.

Mr. James Longbrake was the victim of two hold-up men last Saturday while en route to Bowling Green to preach for the Free Methodists, says the Deshler Flag. Just as he was leaving the car at Tontogany to change for the branch these fellows bumped up against him rather rudely, but no attention was paid to it until he went to produce his ticket which was in his wallet along with \$26.10 and all were gone. Bro. Jim says it was a cute trick all right.

## WILL BE NO EMBLEMS

On the School Board Ticket This Fall.

The new state law providing for the non partisan election of members of the board of education will be operative for the first time at the coming election.

The names of the two Democratic and two Republican candidates for the board of education will appear without any party emblem or designation of any kind. The new law, designed to lift the election of school board members from party politics, reads:

"The names of all the candidates for members of the school board in any school district, however, nominated, shall be placed on one independent and separate ballot, without any designation whatever, except for member of the board of education, and the number of members to be elected."

The names of candidates will appear on the special school ballot in alphabetical order, in a specially arranged series of ballots. The whole number of ballots to be printed for the school election is to be divided by six, the number of candidates running for places on the board. The quotient so obtained will be the number of ballots, under the law, in each series of ballots to be printed as follows:

"The names of candidates shall be arranged in alphabetical order and the first series of ballots printed. Then the first name is placed last and the next series printed and the process repeated until the name of each candidate appears first." The school election returns are to be kept on separate poll books and tally sheets.

The possible extension of nonpartisan voting to include municipal elections depends somewhat on the manner in which the new method of voting for school board candidates is received at this election. Bills are now pending before the legislature to remove the party emblem from all ballots in municipal elections.

## WOMEN'S WOES

PERRYSBURG WOMEN ARE FINDING RELIEF AT LAST.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys.

Mrs. Frank Bulask, of 1810 La-Grange St., Toledo, O., says: "During the spring of 1898, after a malarial attack I felt generally run down. Symptoms of kidney trouble began to appear, and as I had used Doan's Kidney Pills previously with satisfaction, it was naturally the first remedy that I tried. Now I can say that Doan's Kidney Pills have twice cured me of pain in the back and other symptoms of kidney trouble, and a remedy of this kind that can be depended on ought to be generally known."

## SCHOOL LECTURE COURSE

First Entertainment to Be Given  
Oct. 26.

The Eva Bartlett Macey Co., is among the first of lyceum attractions in artistic and popular excellence. Miss Macey as a reader, banjoist and versatile entertainer is without a peer. Highly gifted as a pianist and interpreter she uses her great art for the entertainment and elevation of the people. Miss Macey has filled hundreds of engagements during the past three seasons and has been received with universal favor. H. J. Williams has starred for three seasons with lutes, the great band-master, who induced him to come to this country, and is regarded the greatest Welsh-American harpist. He has won nine medals in harp contests. Mrs. Williams possesses a pleasing personality and sings with artistic effort. Mr. Jay Plowe as a flute soloist has no superior in this country. After years of study in his own land he perfected his work by five years under the great masters of Europe. While abroad he filled positions as solo flutist with the Berlin orchestra and others, and met with the most flattering reception everywhere.
